THE STORY

I am ATHENA. They call me the Goddess of Wisdom, but I have grown weary of my dull life in the castle. The Fantasy World beyond the castle walls beckons to me! Strange and fearsome creatures will attack me at every turn. But I will find weapons along the way; a ball and chain, a bow and arrow, or a mighty sword will be my defense! In the Fantasy World, I can put on wings and take to the sky, or become a mermaid to explore the ocean depths. There, the Goddess of Wisdom can become the Princess of Victory!

THE CONTROLLER

Control Pad:

Press top of pad to climb up ivy and ladders; press left side to move left; press right side to move right; and press bottom of pad to crouch or climb down ivy and ladders.

B Button:

Press to pick up Weapons. At the beginning of the game, ATHENA kicks without any Weapons.

A Button:

Press to dodge enemies or to break brick and rock walls. When ATHENA is underwater or in the sky, use this button together with the Control Pad.

Select Button:

Press once to display objects thus far collected. Press again to return to Play mode.

Start Button:

Press to start the game; or press while playing to interrupt game (pause), then press again to continue playing.

Note:

This game is only for one player. You cannot alternate with another player.

SCREEN DISPLAYS

Score:
Score points by destroying enemies and picking up Money Bags.

Time:
Counts down as you play. When it reaches "00", ATHENA dies.

Strength:
Shows ATHENA's attacking power. It can be increased by picking up Weapons and certain Objects.

Hit Points:
Shows ATHENA's defense power. It can be increased by picking up Weapons and certain Objects.

Life Gauge:

COMPLIANCE WITH FCC REGULATIONS

This equipment generates and uses radio frequency energy and if not installed and used properly, that is, in strict accordance with the manufacturer's instructions, may cause interference to radio and television reception. It has been type tested and found to comply with the limits for a Class B computing device in accordance with the specifications in Subject J of Part 15 of FCC Rules, which are designed to provide reasonable protection against such interference in a residential installation. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient the receiving antenna
- Relocate the NES with respect to the receiver
- Move the NES away from the receiver
- Plug the NES into a different outlet so that computer and receiver are on different circuits.

If necessary, the user should consult the dealer or an experienced radio/television technician for additional suggestions. The user may find the following booklet prepared by the Federal Communications Commission helpful: *How to Identify and Resolve Radio-TV Interference Problems*.
